

## Sólheimajökull retreat (2007-2015)

Access the Earth Vision Institute website at <http://earthvisioninstitute.org/share-this/solheimajokull-glacier-iceland/> .

This will reveal a time lapse video clip showing how Sólheimajökull has retreated since 2007 – 2015.

### Activities

1. Run the video clip to see the changes that have taken place since 2007.
2. Write a voiceover commentary to fit the timescale of the video clip (**01.07**). This will need very careful consideration and editing. It can be done individually or in pairs.  
You may be able to use a recording device and even choose a backing track!
3. Present your voiceover and listen to that of others.
4. As a concluding activity, use a selection of 'screen grabs' to write a short description of the changes that have taken place between 2007 and 2015.
